

Blue Mountains City Council

Katoomba 2780

Attention General Manager

Ref: *Springwood Community & Cultural Facilities*

Dear Sir

I do not support the options presented in the brochure regarding the above.

Refurbishment/upgrading of the current facilities would be a far better option and embody the current planning for LEP2005. The concepts do not address adequately the heritage, environmental constraints or character of the area nor the traffic problems.

Springwood is a small town thus I consider it more appropriate for Council to refurbish the Civic Precinct and Neighbourhood Centre.

Regards
